1ST NIGHT SEDER FOR TEMPLE SINAI COMMUNITY.

5:30 pm Wednesday, April 8, 2020 <https://zoom.us/j/5616434766> Meeting ID: 561 643 4766

At Temple Sinai, we have not done a first night seder since that is a night for family Seders, but this year, if you don't have family coming and can't be with them online, please join us! Or start your family Seder by everyone joining us this year! This will be a short (40 minutes) basic Seder on ZOOM where we can all get together and then go to our meals. We won't be doing the second part of the seder. Your own your own there, but at the end of this email is a list of available online haggadot that you might use this year, from Social Justice to the "Chocolate Haggadah" (NOTE: The seder really starts around 5:40, and the first ten minutes are to give people a chance to arrive, sing or watch a song or two, and get settled.)

2nd Night COMMUNITY SEDER WITH OHAVI ZEDEK

Rabbi Edleson, Rabbi Small, Cantor Zeidenberg, Mark Leopold

We want to bring our two communities together at this time of separation, so please join us for a festive Community Seder. In the first part, we'll do all the 'hits' of the Seder, plus some great songs and small group check-ins about the meaning of Passover, this year in the midst of this modern plague. We will then break for dinner, and invite people back for a shorter second part and sing-a-long.
