

Dear Friends,

To all the people who participate in Temple Sinai's community but who aren't yet members, I deeply regret that due to COVID concerns, we are not going to be able to open our in-person High Holy Day services to people outside our membership.

Everyone is, of course, able to register and attend via Zoom, and we will also make recordings of the services available to all. I apologize that we have had to change our plan to allow open registration this week and for the frustration that causes. Please know we are doing our very best to balance openness with COVID safety, and that you are a valued part of our larger community.

L'shana tova. Attached is a sheet with links to videos, audio meditations, and playlists for the High Holy Days that I hope in some small way make up for this change.

May this be a sweet new year, and may we all get through it safely

Sincerely,

Temple Sinai
